Dahr-wynn Blakemore, RPT  
P.O. Box 113  
Beaverton, OR 97075***

## **About the Bellyman's Holiday**

This all-day seminar covers the three elements of "belly work". Using a combination of a slide presentation with lecture and work with practice jigs, technicians in this class will learn how to make a radius-crowned soundboard, recap a bridge, and install a new pin block.

## **About Ken Eschete, RPT**

Ken, the owner of Bentside Arts, is a member of the Inland Northwest, WA PTG Chapter and lives in Spokane, WA.

He trained at Steinway Hall in Manhattan and at the famed North Bennett Street School in Boston. Following his training, he was employed by Steinway in New Orleans, doing concert tuning and working for private individuals. He was appointed Director of Keyboard Maintenance at Northwestern University in Chicago where he led a staff of technicians caring for the 200 pianos at the Benin School of Music.

Ken became a resident of New Zealand in 2011, where he worked as senior technician and concert-tuner for many of Auckland's concert organizations. He taught masterclasses for his fellow piano technicians in Australia and New Zealand through the Australasian Piano Technicians Association.

He is a frequent presenter at chapter, regional and national events.
